Why Choose HÔTA

Established in 1928, John J Doyle is a third-generation family business that has proudly provided chimney, flue, fireplace, and refractory solutions across the UK and Ireland. With nearly a century of expertise, our passion for craftsmanship is at the heart of everything we do.

At HÔTA by John J Doyle, we bring a wealth of combined experience in crafting fireplaces and stoves that are as beautiful as they are functional. Our customers love how our designs not only elevate their homes but also provide efficient, cost-effective warmth for lasting comfort. Over the years, we've earned a reputation for exceptional quality and outstanding customer service—values that continue to define us today.

We know that choosing a fireplace is a decision for life, and we're here to help you find the perfect fit. Whether your space is modern, traditional, or entirely unique, our expert team and carefully selected dealers are ready to guide you every step of the way.

With our own fireplace ranges, HÔTA, Flamora and the Belina Stove range, John J Doyle continues to set the standard in design and performance. With trusted dealers Across Europe, UK and Ireland, you'll always have access to expert advice, seamless installation, and dedicated aftercare—ensuring that your HÔTA fireplace remains a cherished part of your home for years to come.

HÔTA Materials Collection

At HÔTA by John J Doyle, we take pride in offering a diverse range of premium materials, carefully selected for their beauty, durability, and timeless appeal. Whether you're drawn to the seamless elegance of Micro Marble, the natural charm of Limestone and Travertine, or the luxurious sophistication of Ariston Carrara Marble, each material brings its own unique character to our fireplace designs.

Micro Marble

A refined blend of ground natural marble and resin, micro marble offers a smooth, flawless surface with a consistent tone. This engineered material provides low maintenance durability while capturing the cool elegance of traditional marble. It is an ideal choice for those who desire luxury with practicality.

Available Finishes:

- **Crema Fiore** – A warm, inviting shade inspired by Italian marble and the glow of the Tuscan sun.
- **Alpine White** – A crisp, classic white finish that enhances any space with its fresh and polished look.

Natural Stone

For those who appreciate the individuality of nature, our Natural Stone Collection offers fireplaces crafted from carefully sourced, premium-quality stone. Each piece is quarried, shaped, and refined by skilled artisans, ensuring its distinct texture, shading, and veining remain part of the final design. No two fireplaces are alike, making each installation a truly unique centrepiece.

Available Finishes:

- **Aegean Limestone** – A finely textured, white limestone with subtle natural variations, sourced from Turkey.
- **Travertine** – A richly textured, naturally formed stone with unique patterns, sourced from quarries in Turkey and Italy.
- **Rio Cinza Limestone** – A striking grey limestone from Brazil with a textured honed finish and darker grain variations.

Ariston Carrara Marble

Recognised for its timeless luxury, Ariston Carrara Marble is a white or blue-grey engineered marble. Its delicate veining and refined texture make it a highly sought-after choice for elegant interiors. Each Ariston Carrara fireplace is one of a kind, ensuring a truly distinctive and sophisticated statement piece.

The Bespoke Collection

Allow HÔTA Bespoke by John J Doyle to make your dreams a reality. We believe in artisan craftsmanship and the fusion of modern and traditional design. With an accumulative century of experience in fireplace design and manufacture, we are proud to offer our valued customers our HÔTA Bespoke service, where stonemasons and designers can produce a fireplace completely bespoke to your specification in any material, working from photographs, magazine cuttings, sketches or drawings. The John J Doyle design team is available to assist you in the creation of your ideal fireplace in the style you want and within your budget. Your dedicated designer can work with you to achieve a cohesive look and feel. We can source any marble or natural stone material to achieve your dream fireplace

Send through your design ideas and watch them become a reality.

How it works:

We are committed to making the bespoke design process simple and streamlined.

1. Speak to your dedicated design expert explaining your requirements such as measurements, material and design.
2. Your designer will then provide you with a drawing and quotation. Sign off this drawing and return it to your designer.
3. Receive your distinctly bespoke fireplace.

Dimensions	Material

Rebate 3"	

Ascot

A perfect fusion of modern simplicity and classic charm, ideal for any setting.

The Ascot fireplace showcases sleek proportions and a refined modern silhouette. Its compact size and clean lines make it a versatile choice, effortlessly complementing both contemporary and period interiors. Designed to enhance even the most intimate spaces, the Ascot brings warmth and character with its understated elegance.

Paired with the Belina 5 inset stove

Balmoral

A timeless blend of elegance and sophistication, designed to complement any home.

The Balmoral is a beautifully proportioned fireplace that exudes understated elegance and timeless appeal. With its refined, restrained design, it strikes the perfect balance of sophistication and simplicity. Expertly crafted, the Balmoral **paired with the Flamora P410 electric inset fire**, continues to be one of our most popular models, admired for its enduring style and versatile charm.

Rebate 3"	

Barletta

Where intricate detailing meets effortless elegance.

A perfect fusion of classic and contemporary design, the Barletta surround features elegant fluting as its standout detail. The slim picture-frame styling around the fire opening enhances its refined aesthetic appeal, while the sweeping mantel shelf adds a touch of sophistication. Crafted in Alpine White Marble, this fireplace is designed to elevate both modern and traditional interiors with its timeless appeal.

Paired with the Rectangular Fluted Overmantle Mirror and the Flamora P410 electric inset fire, the Barletta exudes a sense of harmony and sophistication. The mirror's layered frame echoes the fireplace linear detailing, adding depth while reflecting light to create an open, airy ambiance.

Dublin Corbel

A masterpiece of elegance, designed to elevate every home with its timeless charm.

The Dublin Corbel **paired with the Ares 6 cassette** stove is a true testament to timeless style, offering an unmatched elegance that complements any space. Its meticulously sculpted, tapered corbels enhance its sophisticated design, creating a harmonious blend of grace and structure.

Flat Victorian

A versatile classic, effortlessly enhancing the charm of your home with enduring elegance.

The Flat Victorian Micro Marble Surround **paired with the Flamora P610 electric inset fire**, is one of HÔTA's best-selling designs, renowned for its simplicity and versatility. Its clean, understated lines allow it to seamlessly complement both traditional and contemporary interiors. The refined elegance of this surround, crafted from high-quality micro marble, ensures a timeless appeal that enhances the beauty of any space.

Flat Victorian 25

A timeless classic, reimagined with modern elegance.

A refined evolution of the Classic Flat Victorian design, the Flat Victorian 25 introduces elegant contemporary fluting, adding subtle texture and depth while maintaining its signature simplicity. This enhanced design blends seamlessly into both modern and traditional interiors, making it an effortlessly versatile and desirable centerpiece for any space.

Shown featuring the Belina 5 inset stove and the fluted rectangular over mantle mirror which can be wall mounted or can be resting on the fireplace.

Florence

A refined balance of classic elegance and modern sophistication.

The Florence with the **Ravel 600 gas fire**, captivates with its graceful silhouette and timeless detailing. Its beautifully sculpted mantel and bold colour contrast against the Ravel 600 fire create an effortlessly luxurious focal point. Designed to complement both contemporary and period interiors, the Florence brings warmth and style to any living space.

Dimensions	Material
60"/1525mm	Aegean Limestone
Rebate 3"	

Milan

A tribute to classic craftsmanship, seamlessly blending tradition with modern appeal.

Inspired by the distinctive Arts and Crafts Era, the Milan **paired with the Flamora P600 electric fire**, captures the essence of timeless craftsmanship with its elegant tapered detailing. This captivating design balances both form and function, offering a unique charm that fits beautifully in both traditional and contemporary settings. Its thoughtful construction and refined details make the Milan a standout piece that brings character and sophistication to any room.

Rebate 3"	

Nantucket

A stunning fusion of simplicity and sophistication, designed to complement any interior with timeless grace.

The Nantucket natural stone surround **paired with the Ravel 400 gas fire** embodies a refined, cleaner interior style, embracing the beauty of simplicity with sleek lines and impeccable proportions. This elegant fireplace effortlessly blends into any space, offering both sophisticated charm and enduring beauty.

Naples

A fusion of modern flair and classic elegance, designed to elevate contemporary spaces. The Naples **paired with the Flamora P600 electric fire** is a contemporary fireplace with subtle classical influences, featuring soft architectural curves that add elegance and grace. This sophisticated surround is the perfect choice for modern interiors seeking a refined centerpiece. Its timeless design brings both warmth and character, enhancing any space with its seamless blend of contemporary and classical appeal.

Belina 5 Inset Stove

Efficient and Eco-Friendly Heating Solution

The Belina 5 Inset Stove is designed to fit seamlessly into a standard 16" x 22" fire opening, making it a versatile choice for a range of homes. Featuring a durable cast iron fascia and a modern, large viewing window, this stove offers both style and performance.

Key Features:

1

Fits into a standard 16"x22" fire opening

2

Primary, Secondary, and Tertiary air system for optimal combustion

3

Cast iron fascia for durability & style

4

External air facility for improved air supply

5

5kW nominal heat output with 83.7% efficiency

6

5" inch flue outlet

7

Suitable for woodburning & smokeless solid fuel

8

Eco Design compliant and DEFRA approved (Northern Ireland)

9

Air Wash System for cleaner glass

Belina 5 Freestanding Stove

The Belina 5 Freestanding Stove combines modern design with high efficiency, making it a perfect centerpiece for any room. Its superior technology ensures that it burns less fuel with a high heat output, making it eco-friendly and cost-effective.

Key Features:

1

Efficiency:

5kW nominal heat output with up to 82.5% fuel-to-heat conversion

2

Fuel Type:

Multi-fuel (wood and smokeless solid fuel)

3

Large Viewing Window

for a clearer view of the fire

6

DEFRA Approved for use in smoke control areas (Northern Ireland)

7

External Air Connection for better air supply

8

Contemporary Design in a sleek matt black finish

Belina 8 Freestanding Stove

The Belina 8 Freestanding Stove offers increased output and efficiency for larger spaces, with up to 79.4% of fuel turned into heat. Its stylish design and large viewing window create a cozy atmosphere, while the external air connection ensures cleaner combustion.

Key Features:

1

Efficiency:

8kW nominal heat output with up to 79.4% fuel-to-heat conversion

2

External Air Connection

for improved combustion

3

Fuel Type:

Multi-fuel (wood and smokeless solid fuel)

4

Large Viewing Window for a panoramic fire view

5

Contemporary Design in a chic matt black finish

6

DEFRA Approved for use in smoke control areas (Northern Ireland)

Ares 6 Cassette Stove in Glass

The Ares 6 Cassette Stove is designed to create a striking focal point in any room, combining cutting-edge technology with superior craftsmanship for exceptional efficiency. With a high-efficiency burning rate of up to 83.4%, this stove ensures optimal fuel usage while providing warmth and style.

Key Features:

1

Efficiency:

5kW nominal heat output with up to 83.4% fuel-to-heat conversion

2

Available with 3 or 4-sided frame for versatile installation

3

Fuel Type: Multi-fuel
(wood and smokeless solid fuel)

4

Energy Class A
for improved efficiency

5

External Air Connection
for cleaner combustion

6

Slim, modern design that
complements any décor

7

Large Viewing Window for an
enhanced fire experience

8

Includes Cast Iron Multi-Fuel Kit for
versatile fuel use

9

Beams

GeoCast Beams offer the perfect blend of authentic colouring and texture, designed to bring a touch of rustic elegance to your space. Available in two stunning finishes—Light Oak and Dark Oak—these beams are the ideal complement to your stove or fireplace, enhancing both aesthetic appeal and functionality.

Lightweight and easy to install, GeoCast Beams provide a hassle-free way to elevate your interior while remaining heat-resistant for added durability. With two convenient sizes—48" and 54"—you can find the perfect fit for your home.

Bring warmth, style, and practicality together with GeoCast Beams.

Chamber Stone

Rustic Interlocking Panels for Fireplace Chambers & Feature Walls

Chamber Stone is a premium, natural rustic stone, expertly crafted into small briquette shapes. These interlocking panels are designed to fit seamlessly together, each panel measuring 600mm x 150mm with an area coverage of 0.09sqm. With 7 panels per box, you'll cover a total area of 0.63sqm per box, making it an efficient choice for your projects.

Perfectly suited for enhancing the look of your fireplace chamber, these versatile panels are also ideal for both indoor and outdoor feature wall cladding. Available in four stunning colour options—Oyster, Ash Grey, Rustic, and Dark Slate—Chamber Stone brings a timeless, sophisticated appeal to any space.

Whether you're updating your fireplace or designing a standout feature wall, Chamber Stone delivers a durable and stylish finish that blends naturally with various design themes.

Ash Grey

Dark Slate

Rustic

Overmantle Mirrors

Designed to complement our exquisite fireplace collections, HÔTA Overmantle Mirrors add depth, light, and a sense of grandeur to any space. Crafted with elegance and precision, these mirrors seamlessly integrate with our fireplace designs, enhancing their impact and creating a timeless focal point in your home.

Featuring refined craftsmanship and classic styling, each overmantle mirror is made to accentuate the beauty of your fireplace while reflecting the warmth of your living space. Whether paired with traditional surrounds or contemporary designs, these mirrors bring a touch of sophistication, making your fireplace truly stand out.

Chamber Finishing Trim

Designed to meet the highest standards, this is the ideal solution for enhancing your stove chamber opening, delivering a sleek and functional finish.

Constructed from durable mild steel, this trim features a matt black stove paint finish that provides both style and heat resistance. It's flat-packed for convenience and easy to assemble. The trim is fully adjustable, allowing a maximum achievable opening width and height of 1000mm each. The 65mm wide fascia and 50mm inner return ensure a clean, professional look that complements your stove or fireplace installation.

Perfect for those seeking a quality, adaptable trim solution for their stove chamber.
